

Performance Level Definitions

Performance Level Definitions describe what an EL’s language use looks like at each level as he or she progresses toward independent participation in grade-appropriate activities. The ELPT has 5 Performance Levels and 3 Proficiency Determinations as described in the tables that follow:

Performance Level	Descriptor	Definitions (Includes degree of support needed)
Level 1	Beginning	Displays few grade-level English skills and will benefit from EL program support.
Level 2	Early Intermediate	Presents evidence of developing grade-level English language skills and will benefit from EL program support
Level 3	Intermediate	Applies some grade-level English language skills and will benefit from EL program support
Level 4	Early Advanced	Demonstrates English language skills required for engagement with grade level academic content instruction at a level comparable to non-ELs.
Level 5	Advanced	Exhibits superior English language skills as measured by ELPT.

Proficiency Determination	Rules	Definition	Sample Profile
Emerging	A profile of 1s and 2s	Students are Emerging when they have not yet attained a level of English language skill necessary to produce, interpret, and collaborate on grade-level content-related academic tasks in English. Students scoring Emerging are eligible for ongoing program support.	2 1 1 2
Progressing	A profile with one or more domain scores above Level 2 that does not meet the requirements to be Proficient.	Students are Progressing when, with support, they approach a level of English language skill necessary to produce, interpret, and collaborate, on grade-level content-related academic tasks in English. Students scoring Progressing are eligible for ongoing program support.	3 3 2 1
Proficient	A profile of 4s and 5s indicates overall proficiency.	Students are proficient when they attain a level of English language skills necessary to independently produce, interpret, collaborate on, and succeed in grade-level content-related academic tasks in English. Once proficient on ELPT, students can be considered for reclassification.	5 5 4 4

Exit Criteria

To exit the EL program and be reclassified as “monitored,” students will need a proficiency determination of **Proficient**.

ELPT Reporting Categories

The design of the ELPT recognizes the multidimensional nature of English language development; therefore, the assessment measures students' progress in four domains: Reading, Writing, Listening, and Speaking. Separate scores are reported for each, and a determination about a student's proficiency in that specific domain can be made.

When a student has achieved the Proficiency Determination of Proficient in the specific domain or overall, he/she has demonstrated that:

Listening	The English language learner can listen and comprehend spoken English in the context of grade-appropriate activities.
Speaking	The English language learner can produce comprehensible speech that is typical of grade-appropriate activities.
Reading	The English language learner can read and comprehend written English in the context of grade-appropriate activities.
Writing	The English language learner can write comprehensible texts that are the result of grade appropriate activities.

Performance Level Descriptors

Performance Level Descriptors (PLDs) indicate what a typical student at each level should be able to demonstrate based on his or her command of grade-level English. The tables that follow describe the PLDs for all grade levels in the four language domains.
